SUMMARY

UX/UI Designer with 6+ years of experience designing web and mobile products for SaaS, fintech, healthcare, EdTech, enterprise and AI. Strong in Figma, high-fidelity UI, prototyping and design systems (tokens, components, documentation). Works from user research and user flows to usability testing and developer handoff. Understands front-end code (HTML, CSS, React), so designs ship as intended. Open to full-time remote roles.

EXPERIENCE

UX/UI Designer | Solvedex
Jul 2026 – Present | *Remote*

- Design interfaces and new features for fintech and healthcare products, from user flows to high-fidelity UI.
- Maintain and evolve the Figma design system: tokens, components, patterns and documentation, serving 500+ users.
- Work with engineers and product managers on component specs, accessibility (WCAG) and design QA before release.

UX/UI Designer | Oliver Agency
Dec 2024 – Jun 2026 | *Remote*

- Designed responsive web experiences for enterprise clients including Serasa Experian, Danone and Stellantis.
- Designed and built an AI-assisted email workflow that cut campaign production time from about 80 minutes to 10–20 minutes.

UX/UI Designer & Front-End Developer | TrailMerge
Aug 2025 – Dec 2025 | *Contract* | *Remote*

- Led product design for a SaaS platform: user flows, wireframes, high-fidelity UI and a Figma component library.
- Delivered 85+ responsive pages in 2.5 months, with 73% component reuse and 40% faster page loads.

UX/UI Designer | Toolzz
Mar 2022 – Jul 2025 | *Remote*

- Led end-to-end design of an LMS used by 100+ institutions: discovery, information architecture, user flows and UI.
- Built and maintained the design system for web and mobile; ran usability tests and A/B tests and iterated from user feedback.
- Designed UX for AI products: text-to-image, speech-to-text and image-to-video.
- Managed two designers and worked with product managers and engineers in an Agile team.

UX/UI Designer | Zurich Insurance Group
May 2024 – Nov 2024 | *Contract* | *Remote*

- Ran user research, competitive analysis and journey mapping for the Zurich Brazil website redesign.
- Created user flows, wireframes and Figma prototypes, using GA4 and GTM data to support design decisions.

UX/UI Designer | Edulabzz
Sep 2020 – Mar 2021 | *São Paulo, Brazil*

- Designed responsive web and mobile interfaces in Figma: wireframes, high-fidelity UI and interactive prototypes.

PROJECTS

ilevar (ilevar.com) – Platform for language schools | UX/UI Designer | 2026 – Present

- Designed the full product (AI-drafted lessons, live classes): user flows, edge cases and a Figma design system.
- In production with 115 active students and 10 teachers: 513 lessons taught and 410 AI homework sets sent per month.
- Use Microsoft Clarity behavior data (dead clicks, quick backs) and school support tickets to find and prioritize UX problems.
